

SELLER LETTER
The Angels Agency

SAMM Consulting,

I would like to thank you for all the assistance that you provided me. SAMM Consulting was truly a one step process for me. You provided me two contracts. I tried for months to sell to prospective buyers. The majority of buyers wasted a lot of time. Your entire staff was AWESOME with follow up and follow through, during the entire process. I highly recommend you to any seller. There were challenges with the buyer and lienholder, at every turn SAMM Consulting worked diligently to get the tasks done. I was so pleased with the efforts the entire team made to get this deal closed. We were original scheduled to close in September but the buyer had challenges that SAMM Consulting was able to resolve. We closed in December and Mel took the time to make sure the buyer completed all items and pushed the buyer's financing company to expedite their process to ensure we closed the deal. It was amazing how this team made everything smooth. You worked with the buyer and my field sales leader hand in hand to make sure everything was approved. You were worth every penny. You exceeded my expectations. Nicole and Lu were so wonderful to work with on this transaction. Nicole was available at every step; she followed up immediately both when there were challenges and when everything was running smoothly. I gladly refer SAMM CONSULTING to any sellers for the sale of their business. Thank you for helping me sell my business.

Sincerely,

Angela L Williams
