Dear Mr. Clemmons,

Thank you for taking the time to review my business proposal and helping me acquire my first Allstate Agency. I really appreciated the consultant aspect of your firm since this was my biggest investment in my business career. Gaining new information about an industry leader was certainly interesting and helpful. I truly appreciate your time, your talent, and your effects to keep this process painless and for the final closing as of June 1, 2013.

Thank you again for your expertise and knowledge of the insurance industry and I look forward to partnering with you in future endeavors.

Sincerely,

**Gregory Morgan**
