SAMM Consulting,

I would like to thank you for all the assistance that you provided me during the sale process of the agency. SAMM Consulting was truly a one step process for me. Your entire staff was good with follow up and follow through, during the entire process. I would highly recommend you to any serious seller. It was amazing how this team made the whole process very smooth. You worked with the buyer and my field sales leader hand in hand to make sure everything was approved. You were worth every penny. You exceeded my expectations. I have been an agent over 12 years and I would gladly refer SAMM CONSULTING to any sellers for the sale of their business.

Sincerely,
