SAMM Consulting,

I would like to thank you for all the assistance that you provided us. SAMM Consulting was truly a one step process for me. You provided me two contracts within the first 30 days!! I tried for months to sell to prospective buyers. The majority of buyers wasted a lot of time. Your entire staff was good with follow up and follow through, during the entire process. I highly recommend you to any seller. It was amazing how this team made everything smooth. You worked with the buyer and my field sales leader hand in hand to make sure everything was approved. You were worth every penny. You exceeded my expectations. I have been an agent over 40 years and I gladly refer SAMM CONSULTING to any sellers for the sale of their business.

Sincerely,

John F Saddler
