

BUYER LETTER
Vicky Budeanu

SAMM Consulting,

Your staff played an integral part in negotiating and helping me close on a recent deal that has helped me expand my footprint and really grow my business. From the initial contract, through the close of the sale, SAMM Consulting was available when I needed them to answer and get data needed to close the deal.

I have found that these types of negotiations can be difficult and contentions but SAMM Consulting does a great job in working with both parties to deliver a win-win for everybody. I will definitely use SAMM Consulting again and recommend you to anyone considering buying or selling their agency.

Regards,

Vicky Budeanu
